**School of Nursing**

UT Nursing Clinical Enterprise (UTNCE) and Department of Family & Community Health Systems

**Family Nurse Practitioner 100% Clinical Position**

The University of Texas Health Science Center San Antonio (UTHSCSA), School of Nursing (SON) UT Nursing Clinical Enterprise, is forging partnerships that offer cutting-edge opportunities for collaboration and programming that provide rich learning and research experiences while meeting community needs for health promotion. The dynamic faculty is committed to excellence in nursing leadership through innovative teaching, quality research, compassionate care and community service. The vision of the SON is to become a national model for inter-professional excellence that uniquely prepares graduates for the challenges of today’s health care system. The UTHSCSA SON is one of five schools in a thriving and vibrant South Texas Medical Center, dedicated to serving the South Texas community and beyond. Research centers such as the Barshop Center for Aging, Cancer Therapy and Research Center, Academic Center for Evidence Based Practice and the Center for Community-Based Health Promotion in Women and Children provide extensive intra- and inter-disciplinary teaching and research opportunities in a multicultural environment.

**Position Responsibilities**

Candidates with national certification as a family nurse practitioner are invited to apply for full or part-time position within the UT Nursing Clinical Enterprise.

**Responsibilities include:**

- Serves as an advanced practice nurse providing primary health care in collaboration and other members of the health care team for a specific patient population in the outpatient setting.
- Maintains an advanced knowledge base and skills in wellness, health promotion and maintenance, disease prevention, physical, developmental and psychosocial assessment, and management of health and illness in the health care of individuals, families, and communities. Conduct comprehensive histories and physicals. Diagnose illness and prescribe medication. Candidate may serve as a lead APN, mentor and role model. Collaborate with nurse practitioners at the Student Health Center, Employee Health & Wellness Clinic and four UTNCE community project sites.
- FTEs may be performed at any of the UTNCE sites; hours may vary.
- Provides clinic cross-coverage for patient care as needed.
- May supervise RN/MA at clinical sites.
- State licensure as an RN. MSN, DNP, DNSc, or Ph.D. with certification as a family nurse practitioner. Experience with EPIC or other electronic health record (EHR) preferred. CPR certification. Prescriptive Authority Agreement (PAA) per Texas State Law.
Qualifications
Successful candidates will have:
1. Master’s degree in nursing or DNP, DNSc, or Ph.D.
2. Previous teaching experience, national certification as a family nurse practitioner.
3. Doctoral degree preferred.
4. CPR certified.

We particularly encourage applications from individuals with experience in practice, teaching, research. Candidates with additional research, teaching, or credentials in the following are preferred:
- Health Disparities,
- Chronic Disease Management,
- Management, Health Informatics,
- Health Systems Design,
- Evidence-Based Practice and/or Public Health.
- Palliative Care, Cancer Prevention

To Apply:
Applications and nominations/recommendations will be reviewed beginning immediately, and will be accepted until the positions are filled. Applications should include the following:
1. Letter outlining interest and experience
2. Current curriculum vitae
3. Names and contact information for three references; including a physician or NP collaborator; an NP program director or NP faculty major professor.

All faculty appointments are designated as security sensitive positions
