School of Nursing
Department of Family & Community Health Systems

Nancy Smith Hurd President’s Chair in Geriatric Nursing and Aging Studies
Tenure Track or Tenured Associate Professor or Full Professor

The University of Texas Health Science Center School of Nursing, one of five schools in a thriving South Texas Medical Center, is a vibrant growing School, dedicated to serving the South Texas community and beyond. We are committed to excellence in education, research and practice. Research centers such as the Barshop Center for Aging, Cancer Therapy and Research Center, Academic Center for Evidence Based Practice and the Center for Community-Based Health Promotion in Women and Children provide extensive intra- and inter-disciplinary teaching and research opportunities in a multicultural environment. This well established School of Nursing with over 100 faculty and 9,000 professional graduates, offers BSN, MSN, DNP and PhD programs of study. Our city’s health care systems such as Baptist, Christus Santa Rosa, Methodist and University provide rich opportunities for collaboration.

The Nancy Smith Hurd President’s Chair in Geriatric Nursing and Aging Studies will support the advancement of nursing’s leadership in preparing nurses with a strong commitment to patient care and improving the health of older adults through nursing education and research. Candidates must be eligible for tenured or tenure-track Associate or Full Professor ranks. Preference will be given to candidates with a specialty in community/public health nursing or certification as a nurse practitioner in psychiatric/mental health, women’s health, or family nursing. The ideal candidate will have a program of scholarship in gerontology or aging. Doctoral degree in nursing or related field is required. Positions to be filled on or before August 31, 2014.

We particularly encourage applications from individuals with established teaching, research and practice programs in the following areas:

Health Disparities, Nurse Practitioners (Acute Care, Family, Pediatric, Psych/Mental Health), Chronic Disease Management: Diabetes, Genetics, Palliative Care, Cancer Prevention and Management, Informatics, Health Outcomes, Health Systems Design, Evidence-Based Practice, Polytrauma/Rehabilitation, Emergency/ Critical Care, and Population Health

Send by e-mail or regular mail a letter of intent, and curriculum vitae to:
