

Concurrent Session 6-A

Access to Cervical Cancer Screening For Indigenous Maya Women in Guatemala

Dr. Rhonda Goodman, originally from Texas, is on faculty at the Christine E. Lynn College of Nursing at Florida Atlantic University in Boca Raton, Florida. Her main research concerns underserved women and families in Guatemala and their access to primary health care and cervical cancer screening. She has led nine study abroad programs to Guatemala with both undergraduate and graduate students, serving populations of indigenous Maya Guatemalans.
